REGISTERING YOUR INTENT TO FISH

1. Each season you are required to register your intention to fish for rock lobster.

You will be automatically prompted to do this when you first login each season.

Simply select **Yes** and you will be registered.

You will only be prompted to complete this step once per season.

If you select **No**, you will be unable to report catch using the app.

3. Confirm the date at the top of the screen.

The date will automatically default to today's date. You can select a different date by selecting the date box.

4. Select *Add a catch* and enter the details of your first rock lobster.

The  button next to each field provides further information on that recording field.

Please remember to record the size of each rock lobster to the decimal cm (e.g. 12.3 cm).

5. Select *Save and add another* if you have another rock lobster to record.

6. When you have finished recording your catch select *Save to bag*.

This will record your catch/es and return you to the home screen.

Your catch is now recorded!

AMENDING YOUR CATCH

You can amend any recorded catch up to 24 hours after the entry by selecting that trip in the home screen.
